<sup>1</sup> The MSCI Emerging Markets Small Cap Index (net) is a free float-adjusted market capitalization weighted index that is designed to measure the equity market performance of small cap companies in emerging markets. This series approximates the minimum possible dividend reinvestment. For more information on the index, please visit the website at [www.msci.com](http://www.msci.com).

<sup>2</sup> Top ten holdings are shown as % of total net assets. Sector, Market Cap and Geographic Diversification charts show % of investments for the Fund and its benchmark Index and exclude cash equivalents.

<sup>3</sup> Information about the Fund's holdings should not be considered investment advice. There is no guarantee that the Fund will continue to hold any one particular security or stay invested in any one particular sector. Holdings are subject to change at any time.

\* These amounts are calculated using float-adjusted market capitalizations.
